

## HISER PROJECT FINAL CONFERENCE:

### “Advances in Recycling and Recovery of Raw Materials from C&D Waste”

#### AGENDA

**Venue:** Hôtel Le Plaza Bruxelles

Address: Adolphe Maxlaan 118/126 (Versailles room), 1000 Brussel, Belgium

**Date:** 16 November 2018

**Time:** 11:00 – 15:30

11:00 – 11:30	<b>Registration of participants and welcome coffee</b>		
11:30 – 11:40	Welcome and introduction to HISER project	Fundacion Tecnalia Research & Innovation	David Garcia Estevez
11:40 – 12:10	HISER BIM tool for supporting smart demolition. Case studies.	Fundacion Tecnalia Research & Innovation	David Garcia Estevez
12:10 – 12:30	TRACIMAT – Traceability and quality management of C&D waste	VCB - Confederation Nationale De La Construction	Annelies Vanden Eynde
12:30 – 12:50	Automatic sorting of mixed C&DW	RTT STEINERT	Frank Hollstein
12:50 – 13:05	Electrofragmentation applied to Fiber Reinforced Concrete	LAFARGE Centre De Recherche	François de Larrard
13:05 – 13:30	Circular economy of stony and gypsum fractions	Acciona Infraestructuras	Daniel Hiniesto
13:30 – 13:50	Brick to brick: recycling ceramics	VITO - Vlaamse Instelling Voor Technologisch Onderzoek	Jef Bergmans
13:50 – 14:15	Concrete recycling: recovery pure concrete fractions for new concretes	STRUK - Strukton Civiel	Eric van Roekel
14:15 – 14:30	Recovery of C&D wood waste and use as raw material in wood-polymer composites	Tiihonen Ismo Olavi	Ismo Tiihonen
14:30 – 15:00	Round table about circular economy in construction	Fundacion Tecnalia Research & Innovation	David Garcia Estevez
15:00 – 15:30	Networking lunch
